General-

- Children must arrive and be collected on time. Late arrival can not only be disruptive to the class, but also mean that the student misses the warm up, deeming participation in some classes unsafe.
 - Parents are not permitted to watch classes as this can be unsettling for other, less confident students whilst it is also a safeguarding issue. If you have any worries or questions regarding the content and running of classes, please do not hesitate to contact me.
 - It is your responsibility to ensure that DDA is aware of all relevant medical conditions and that the student brings any relevant medications to class, e.g. inhalers, epi-pens etc. Please speak to me if you have any concern.
 - While the upmost care is taken to ensure the safety of students, a certain amount of risk is carried with all physical activity. Students take part in classes at their own risk.
 - It is expected that teachers, parents and students are all treated with respect. There will be zero tolerance regarding behaviour before, during and after class. DDA aims to have a warm, welcoming and friendly environment and so anybody who disrupts this will be asked to leave.
